Hold a PUBLIC HEARING on application ZC-16-01 by High Rustler Ventures, LLC, on behalf of Adolfo Sendejo, and discussion and/or action to consider Ordinance 2016-12 for a Zoning Change from AO Agricultural-Open Space District to RHD Residential High Density District for 18.547 acres in the Cornelius Crenshaw Survey, Abstract No. 68, located on the north side of the 2200 block of West San Antonio Street (SH 142).

SUMMARY OF ITEM
The subject property and areas adjacent to the east and west are currently zoned AO Agricultural-Open Space. The applicant has proposed a new apartment development that is allowed only in the RHD Residential High Density district. Because the Lockhart 2020 Land Use Plan map shows future medium density residential adjacent to the east, and future commercial and industrial adjacent to the west, the proposed high density residential zoning classification of the subject property would provide an appropriate transition between the lower land use intensities to the east and the higher intensities to the west once those areas are rezoned and developed in accordance with the land use plan. Because the surrounding area is relatively undeveloped, the only potential negative impact on the surrounding area at this time would be an increase in traffic on San Antonio Street due to the additional population that would be housed in the proposed high density development. The requested RHD zoning classification is consistent with the High Density Residential future land use indicated by the Lockhart 2020 Land Use Plan map for the south portion of the property, but not consistent with the Industry designation of most of the rear portion. In any case, the proposed RHD zoning in general does not conflict with the intent of the land use plan to provide for higher intensity uses in this area. One person spoke at the Planning and Zoning Commission meeting in opposition to the proposed rezoning because there was no site plan or other means of commitment as to the exact nature of the proposed development. More complete information can be found in the attached staff report.

REPORT DATE: April 1, 2016 [Updated 4-14-16]

REQUESTED CHANGE: AO Agricultural Open Space to RHD Residential High Density
STAFF RECOMMENDATION: Approval
PLANNING & ZONING COMMISSION RECOMMENDATION: Approval

BACKGROUND DATA

APPLICANT(S): High Rustler Ventures
OWNER(S): Adolfo Sen Dejo
SITE LOCATION: 2207 W. San Antonio Street
LEGAL DESCRIPTION: Cornelius Crenshaw Survey, Abstract No. 68
SIZE OF PROPERTY: 18.547 acres
EXISTING USE OF PROPERTY: Vacant/Agriculture
LAND USE PLAN DESIGNATION: Residential Medium Density/Industrial

ANALYSIS OF ISSUES

REASON FOR REQUESTED CHANGE: The subject property and areas adjacent to the east and west are currently zoned AO Agricultural-Open Space. The applicant has proposed a new apartment development that is allowed only in the RHD Residential High Density district. The area being rezoned is a portion of a larger tract currently under the same ownership.

AREA CHARACTERISTICS:

</tbody>
</table>

TRANSITION OF ZONING DISTRICTS: The subject property is bordered by the Union Pacific Railroad to the north and West San Antonio Street to the south. It's located some distance to the west of the Windridge subdivision, but near an existing single-family dwelling located on the same tract, just west of the area being rezoned. Because the Lockhart 2020 Land Use Plan map shows future medium density residential adjacent to the east, and future commercial and industrial adjacent to the west, the proposed high density residential zoning classification of the subject property would provide an appropriate transition between the lower land use intensities to the east and the higher intensities to the west once those areas are rezoned and developed in accordance with the land use plan.
ADEQUACY OF INFRASTRUCTURE: The property would be served by City of Lockhart water and wastewater utilities, and Bluebonnet Electric Co-op. Access to the property will be from a new public street aligned to be a future extension of City Line Road as proposed in the Lockhart 2020 Thoroughfare Plan.

POTENTIAL NEIGHBORHOOD IMPACT: Aside from the one existing single-family residence adjacent to the west of the area being rezoned, the neighborhood consists of primarily of vacant land, with some commercial and industrial businesses nearby on the south side of San Antonio Street. The closest existing residential subdivision is Windridge, which is approximately one-half mile to the east. Therefore, the only potential negative impact on the surrounding area at this time would be an increase in traffic on San Antonio Street due to the additional population that would be housed in the proposed high density development.

CONSISTENCY WITH COMPREHENSIVE PLAN: The requested RHD zoning classification is consistent with the High Density Residential future land use indicated by the Lockhart 2020 Land Use Plan map for the south portion of the property, but not consistent with the Industry designation of most of the rear portion. In any case, the proposed RHD zoning in general does not conflict with the intent of the land use plan to provide for higher intensity uses in this area.

ALTERNATIVE CLASSIFICATIONS: A less intense residential zoning option would be RMD Residential Medium Density District, which allows single-family, patio-home, and duplex dwellings by-right, and townhouses, condominiums, and three-plexes or four-plexes as specific uses requiring approval by the Planning and Zoning Commission. However, RHD is the only district that allows multifamily development such as the proposed apartments.

RESPONSE TO NOTIFICATION: Staff mailed public hearing notices to owners of six properties within 200 feet. At the Planning and Zoning Commission meeting an owner of adjacent property expressed concerns regarding connectivity between his adjacent agricultural parcel and the subject property, since his parcel is otherwise landlocked, but he was not specifically in favor of or in opposition to the rezoning itself. Another person who lives beyond the 200-foot public hearing notification area spoke in opposition because there was no site plan or other means of commitment as to the exact nature of the proposed development.

DISCUSSION ONLY
A. DEMONSTRATION BY EZTASK AND DISCUSSION REGARDING A WEBSITE REDESIGN FOR THE CITY OF LOCKHART, TEXAS, AND DISCUSSION ABOUT AWARDING A CONTRACT TO EZTASK OF RICHMOND, TEXAS IN THE AMOUNT OF $7,990 FOR A WEBSITE REDESIGN.
Ms. Constancio stated that Council directed staff to survey cities to determine why they chose CivicPlus instead of ezTask. The survey reflects that most cities that use CivicPlus did not obtain a quote from ezTask therefore they were not aware of the services offered by ezTask. Staff also surveyed three cities that use ezTask and asked why they chose ezTask instead of CivicPlus. The survey reflects that ezTask customers did obtain a quote from CivicPlus and chose ezTask because they offer primarily the same features at a lower cost.

Representatives of ezTask provided an on-line demonstration of their website redesign software and services. There was discussion.

Mayor White requested corrections to the minutes. There were none.

C. ACKNOWLEDGE PROCLAMATION DECLARING APRIL 2016 AS FAIR HOUSING MONTH.
Mayor White read a proclamation declaring April 2016 as “Fair Housing Month”.

City Council – April 5, 2016

2 of 9

Mr. Rodgers stated that the City of Lockhart and Caldwell County have more than $1 million dollars in radio communications equipment. This system provides radio communication capabilities for the City of Lockhart, Caldwell County, City of Luling, and City of Martindale. The Concession Group (SH 130) now has 6 radios in the system as approved by the Lockhart City Council and will pay for its fair share. The warranty for this Motorola equipment ended in February of 2012. The proposed agreement covers maintenance, repairs, and replacement for the radio system from October 1, 2016 through September 30, 2017. The cost of $128,611.92 will be shared by all entities that benefit from the radio system based on the number of radio units in service. The cost under this agreement for Lockhart’s 215 radios is $53,588.30 for the Fiscal Year 2016-2017 budget period. Mr. Rodgers recommended approval.

E. DISCUSS MAJOR REPAIRS TO WATER WELL NUMBER 11 COSTING AN ESTIMATED $120,000 WHICH WILL EXTEND THE LIFE AND PRODUCTIVITY OF THE WELL USING 2015 CERTIFICATES OF OBLIGATION FUNDS.

Mr. Rodgers stated that Well number 11 normally has a capacity to pump about 864,000 gallons of water per day; the pumping capacity of the well has dropped significantly over the past two months to around 200,000 gallons per day and is at times pumping a lot of water sand. This is one of Lockhart’s best water wells. A major overhaul of the well by the Guadalupe-Blanco River Authority engineers is strongly recommended to recover the desired well productivity and to extend the life of the well. The estimated cost is $120,000. Mr. Rodgers recommended approval. There was discussion.

F. DISCUSSION AFTER REPORT BY CITY MANAGER REGARDING TREATED WATER CAPACITIES AND WASTEWATER TREATMENT CAPACITIES.

Mr. Rodgers gave an update about Lockhart’s treated water capacities and wastewater treatment capacities.

G. DISCUSS USE OF UNRESTRICTED FUND BALANCES AS RECOMMENDED BY THE CITY MANAGER DURING THE GOALS MEETING FOR THE PURCHASE OF TWO POLICE CARS, TWO PICKUP TRUCKS IN PUBLIC WORKS, AND A ONE TIME PAYMENT OF $1,500 TO EACH FULL TIME NON-CIVIL SERVICE EMPLOYEE AND A $750 ONE TIME PAYMENT TO EACH PART-TIME NON-CIVIL SERVICE EMPLOYEE THAT IS EMPLOYED BY THE CITY ON APRIL 22, 2016.

Mr. Rodgers provided information about the unrestricted fund balances and the proposed use. The consensus of the Council was to bring an item back at the first meeting in April for consideration. When Council granted a pay increase for civil service employees earlier this year, a commitment by the City Manager was made to come back to Council after the Fiscal Year 2014-2015 audit with a plan that would consider additional compensation for non-civil service employees. Data was also to be provided regarding non-civil service employee turn-over for the past two years. There was discussion.
RECESS: Mayor White announced that the Council would recess for a break at 8:00 p.m.

REGULAR MEETING

ITEM 1. CALL TO ORDER
Mayor Lew White called the regular meeting of the Lockhart City Council to order on this date at 8:05 p.m.

ITEM 2. INVOCATION, PLEDGE OF ALLEGIANCE.
Invocation - Ministerial Alliance.
Pledge of Allegiance to the United States and Texas flags.

ITEM 3. CITIZENS/VISITORS COMMENTS,
Mayor White requested citizens to address the Council. There were none.

ITEM 4-A. HOLD A PUBLIC HEARING REGARDING THE CURFEW ORDINANCE AND DISCUSS ADDING A DAYTIME JUVENILE CURFEW.
Mayor White opened the public hearing at 8:12 p.m. and requested the staff report.

Chief Lummus stated that the proposed ordinance adds a daytime curfew for minors. He stated that he recommends the juvenile daytime curfew because approximately 75% of the daytime burglaries for the past year have been that of juveniles. He believes that the curfew would assist in reducing those crimes. He provided details about the daytime juvenile curfew as outlined in the proposed ordinance and stated that he would also like to continue the nighttime juvenile curfew. He stated that holding the parent's responsible for the child's whereabouts is important. A person who violates the daytime or and/or nighttime curfew would be guilty of a misdemeanor. Each day or part of a day during which the violation is committed, continued, or permitted is a separate offence. Each offense, upon conviction, is punishable by a fine not to exceed $500.00.

There was discussion about the difference between a minor's age of 16 or 17. Mr. Gruning explained that dependent upon the criminal offense, the law defines a person 17 years or older as an adult.

Jay Monkerud, Caldwell County Juvenile Probation Officer and member of the Caldwell County Truancy Committee, spoke in favor of adding the daytime juvenile curfew. He stated that the cities of Kyle, San Marcos, and Luling also enforce a juvenile daytime curfew. He stated that he believes that the daytime curfew would help deter truancy and that it would give police officers the tool to be able to confront and question a person 17 years or younger when out in the public during the juvenile daytime curfew hours.

Mr. Gruning pointed out typographical corrections to the ordinance.

Mayor White requested citizens to address the Council that were in favor of the daytime or nighttime juvenile curfew ordinance. There were none.

Mayor White requested citizens to address the Council that were in opposition of the daytime or nighttime juvenile curfew ordinance. There were none.
Elena Arizola, 416 Trinity, requested information about statistics that prove the reduction of burglaries in cities that enforce a daytime juvenile curfew, and she questioned the amount of the fine and how the offense would be reflected on a juvenile’s criminal record. Mr. Monkerud and Ms. Townsend responded to Mr. Arizola.

Mayor White requested additional citizens to address the Council. There were none. He closed the public hearing at 9:00 p.m.

**ITEM 4-B. DISCUSSION AND/OR ACTION TO CONSIDER ORDINANCE 2016-09 AMENDING CHAPTER 36 OF THE CODE OF ORDINANCES, ENTITLED “OFFENSES AND MISCELLANEOUS PROVISIONS”, PROVIDING A MORE COMPREHENSIVE CURFEW FOR MINORS; PROVIDING FOR PARENT RESPONSIBILITY; PROVIDING FOR ENFORCEMENT; AND PROVIDING FOR PENALTY FOR VIOLATIONS.**

Councilmember Castillo asked if there has been an increase in truancy or criminal activity by minors in Municipal Court to warrant the need of the daytime juvenile curfew.

Ms. Townsend replied that the juvenile violations have increased by 17% compared to 2014-2015.

Mr. Gruning pointed out that not all of the juvenile crimes conducted during the daytime are taken to Municipal Court because there are times that the juvenile criminal offense is a violation higher than a Class C misdemeanor.

There was discussion.

Mayor Pro-Tem Sanchez made a motion to approve Ordinance 2016-09, with corrections. Councilmember Hilburn seconded. The motion passed by a vote of 7-0.

**ITEM 5. CONSENT AGENDA.**

Mayor Pro-Tem Sanchez made a motion to approve consent agenda items 5A, 5B, 5C, and 5D. Councilmember Hilburn seconded. The motion passed by a vote of 7-0.

The following are the consent agenda items that were approved:

5A: Approve minutes of the City Council meetings of March 12, 2016 and March 15, 2016.

5B: Acknowledge Proclamation declaring April 2016 as *Fair Housing Month*.

5C: Approve annual services agreement with Motorola, Inc., in the amount of $128,611.92 of which $53,588.30 is for the 215 City of Lockhart radios to cover maintenance, repairs, and replacement of the 700/800 mhz radio infrastructure system which supports radio communications for the City of Lockhart, Concessions Group, Caldwell County, City of Luling, and the City of Martindale from October 1, 2016, through September 30, 2017 with each entity paying its share of the costs based on the number of radios using the system according to the existing interlocal agreement, and appointing the Mayor to sign contract agreement. [1295-2016-04-05-11]

5D: Approve major repairs to water well number 11 costing an estimated $120,000 which will extend the life and productivity of the well using 2015 Certificates of Obligation Funds.
ITEM 6-G. DISCUSSION AND/OR ACTION REGARDING LETTER FROM MS. MARY BURRIER IN WHICH SHE WANTS CHANGES TO ORDINANCE 2015-20 WHICH AMENDED CHAPTER 46, SIGNS, PLACING RESTRICTIONS ON INFLATABLE SIGNS, TETHERED BALLOONS, PENNANTS AND STREAMERS, AND STRINGS OF LIGHTS AND FLAGS.

Mr. Rodgers stated that the contents of the ordinance was a product of the Council’s appointments to an ad-hoc committee made of six business owners that reviewed changes to the City’s regulation of certain temporary signs. The changes as determined by that committee were submitted to the Council in September of 2015, and the Council passed the ordinance. Ms. Burrier, who is in the business of supplying pennants, banners, and streamers, approached the Council at the February 2, 2016 meeting to express her concerns about the ordinance. She was asked to submit a letter to the City Manager with suggested changes to the ordinance. The City Manager and City Planner have reviewed her comments and see no reason to recommend to the Council that any changes are made to the ordinance as passed by the Council especially since an ad-hoc committee appointed by the Council came up with the contents of the ordinance after eight meetings. There was discussion.

Mary Burrier requested that the sign ordinance is amended to allow banners, pennants and streamers. There was discussion.

CONSENSUS: After discussion, the consensus of the Council was to leave the sign ordinance as it is currently written.

ITEM 6-A. DEMONSTRATION BY EZTASK AND DISCUSSION ABOUT A WEBSITE REDESIGN FOR THE CITY OF LOCKHART, AND DISCUSSION AND/OR ACTION TO CONSIDER AWARDING A CONTRACT TO EZTASK OF RICHMOND, TEXAS IN THE AMOUNT OF $7,990 FOR A WEBSITE REDISEIGN.

Mayor White announced that there was no action to be taken on this item.

Councilmember Michelson seconded. The motion passed by a vote of 7-0.

DISCUSSION AND/OR POSSIBLE ACTION REGARDING LETTER FROM THE LOCKHART HISTORICAL PRESERVATION COMMISSION (LHPC) REQUESTING A CHANGE IN THE CURRENT ORDINANCE TO ALLOW THEIR REVIEW AND/OR PARTICIPATION IN CHANGES OR IMPROVEMENTS IN THE PUBLIC STREET RIGHT OF WAY AND TO OTHER PUBLIC PROPERTY IN THE HISTORIC DISTRICT.
Mr. Rodgers stated that the LHPC sent a letter requesting a change in the current ordinance to allow their review and/or participation in changes or improvements in the public street right of way and to other public property in the Historic District. Mr. Rodgers recommended that the LHPC is authorized to review the City’s Historic Preservation ordinance and make recommended amendments to the Council.

Councilmember Castillo made a motion to request that the Lockhart Historical Preservation Commission clarify their request about amendments to the historic preservation ordinance. Councilmember Hilburn seconded. The motion passed by a vote of 6-1, with Mayor Pro-Tem Sanchez opposing.

ITEM 6-E. DISCUSSION AND/OR ACTION TO CONSIDER ORDINANCE 2016-11 AMENDING CHAPTER 10 OF THE LOCKHART CODE OF ORDINANCES, CAPTIONED “ANIMALS AND BEEKEEPING” TO PROVIDE FOR RESTRICTIONS ON TYPE, SIZE AND LOCATIONS FOR KEEPING CERTAIN LIVESTOCK AND FOWL.
Mr. Gruning stated that the proposed Ordinance is the result of the Council’s request that he prepare an ordinance to address the nuisance issues regarding large animals and fowl kept in the city limits. There was discussion.

Elena Arizola, 416 Trinity, asked about regulations in regards to having chickens. Mr. Gruning replied that hens are allowed. Roosters or the male species are not allowed in residential neighborhoods.

Accept semi-annual report from the Impact Fee Advisory Committee concerning the status of implementation of Chapter 31 “Impact Fees” of the Lockhart Code of Ordinances with regard to water, wastewater, and road impact fees.

FINANCIAL SUMMARY
□ NOT APPLICABLE  □ OPERATING EXPENSE  X REVENUE  □ CIP  □ BUDGETED  □ NON-BUDGETED

SUMMARY OF ITEM
In accordance with State law, the Impact Fee Advisory Committee has an ongoing role in monitoring and evaluating implementation of the impact fee capital improvement plans, and submitting semi-annual reports to City Council. The committee met on April 13 to consider their 28th semi-annual report since impact fees were originally adopted on January 15, 2002. The current total balance of all impact fee accounts is $1,126,357. Total impact fee revenue during this six-month period was $211,756 and, although no funds were spent on impact fee CIP projects during that time, there was a refund of fees for one permit that is shown as an expense. The attached report from the Committee recommends that an update of the land use assumptions, capital improvement plans, and impact fees be prepared in time for adoption in early 2017. Such an update requires retaining the services of consultants to prepare the revised land use assumptions, capital Improvement plans, and impact fee ordinance amendments. The Committee also requests that the Council expedite the appointment of an ETJ representative to the Impact Fee Advisory Committee. By State law, water and wastewater impact fees cannot be assessed where our service area extends into the ETJ without that representation.

STAFF RECOMMENDATION
Staff recommends that the Council accept the Impact Fee Advisory Committee’s report.

IMPACT FEE REPORT
To Lockhart City Council –April 2016

PURPOSE

State law requires a continuing semi-annual role for the Impact Fee Advisory Committee in monitoring the progress of implementation of the impact fee ordinance, and in advising the City Council on needed revisions. More specifically, State law provides that the Committee:

1) Monitor and evaluate implementation of the capital improvements plans;

2) File semi-annual reports with respect to the progress of the capital improvements plans and report to City Council any perceived inequities in implementing the plans or imposing the impact fees; and,

3) Advise the City Council of the need to update or revise the land use assumptions, capital improvements plans, and impact fees.

The Committee’s previous report to the Council was submitted and accepted last October. This is the 28th status report since the impact fee ordinance was originally adopted on January 15, 2002, and the 18th one since the last impact fee update was adopted on March 20, 2007.

STATUS OF ACCOUNTS

As shown in Exhibit A, a total of $211,756 was collected during the past six months, and no funds were spent on impact fee CIP projects during that time. However, the fees for one house were refunded when the building permit was cancelled after it had been issued, so that is shown as an expense. The water, wastewater, and road impact fee account balances for the previous semi-annual report, as well as the current balances as of March 15, 2016, are shown in the table. These totals include accrued interest. Revenue during the past six months was from 47 new houses and four commercial projects.

The total estimated cost of all of the CIP projects is $32,455,825. However, the City Council adopted one-half that amount as the maximum to be collected by March 20, 2017, which is the end of the current ten-year CIP period, so the maximum fees are based on an estimated cost of all three CIP’s being $16,236,913. The total of all impact fees spent on CIP projects so far is $1,120,110, so that leaves $15,116,803 to still be spent. The total balance available remaining collectively in the three impact fee accounts which can be used toward meeting that goal, is $1,126,357.
PROGRESS AND TRENDS

The pie charts in Exhibit B graphically summarize the progress in collecting the fees needed to pay for one-half of the estimated cost of all projects in each of the impact fee categories. Exhibit C compares the current total fees collected with the amount spent on projects and the amount of the remaining estimated costs of projects in each of the three CIP’s that has not yet been spent. The bar graph in Exhibit D illustrates the impact fee collection trends since July 2003. The amount of impact fee revenue collected since the September 2012 report trended upward each six-month period until the September 2015 report, which decreased due primarily to a reduced supply of available vacant lots for new home construction. The revenue in this report is higher because two new sections of the Windridge Subdivision were completed, and more houses are now under construction.

Periods of accelerated growth help offset slow years. It is important to build a healthy balance in all of the accounts because there is a significant potential for development along SH 130 where the City does not currently have adequate infrastructure, but where many of the needed projects are already listed in the impact fee CIP’s. For example, the proposed water and wastewater system improvements and an upgrade of City Line Road in the west part of the city are necessary for accommodating growth in that area. There are currently several major projects being planned for various locations throughout the city, and which could potentially provide a significant boost to impact fee revenues.

RECOMMENDATION

The Committee’s previous report received by the Council on October 20, 2015, recommended that an update of the land use assumptions, capital improvement plans, and impact fees be conducted in time for adoption in early 2017. At their most recent meeting on April 13, 2016, the Committee reaffirmed this recommendation. State law provides for updates every five years. A five-year update was done in 2007, which was five years after the original impact fee ordinance was adopted. However, on the next opportunity for an update in 2012, it was determined by the Council that an update was not necessary due to slow growth and stable construction costs. Because the cost of constructing infrastructure has now increased considerably, and an adjustment of some project locations and scope is needed, an update is currently justified. That involves hiring consultants to conduct the necessary studies and prepare the new land use assumptions, capital improvement plans, and impact fee ordinance amendments.

The Committee also recommends that the City Council expedite the appointment of an ETJ representative to the Impact Fee Advisory Committee. By State law, water and wastewater impact fees cannot be assessed where our service area extends into the ETJ without that representation.

Respectfully,

SUMMARY OF ITEM

As recommended in the semi-annual report from the Impact Fee Advisory Committee in the previous agenda item, there is a need for an update of the impact fees, which involves retaining the services of consultants to prepare the revised land use assumptions and capital improvement plans, along with necessary amendments to the impact fee ordinance, which is Chapter 31 of the Code of Ordinances. The update should be completed by early 2017, which is the end of the latest five-year period since the previous opportunity for a five-year update in 2012. As stated in the report, the Council determined at that time that an update was not necessary. However, the cost of constructing infrastructure has now increased significantly, and an adjustment in the location and scope of some projects is needed. The land use assumptions are based on population and employment projections, which determine the amount and location of anticipated growth in the community over the next ten years. The capital improvement plans establish the water, wastewater, and road projects needed to accommodate that growth, including the project locations, size, and cost. The impact fees are then based on the estimated cost of implementing the projects.

STAFF RECOMMENDATION

Staff recommends that the Council direct staff to proceed with all actions necessary to update the impact fee land use assumptions, capital improvement plans, and ordinance.

Type A and B Economic Development Corporations Overview

The Development Corporation Act of 1979 gives cities the ability to finance new and expanded business enterprises in their local communities through economic development corporations (EDCs). Chapters 501, 504 and 505 of the Local Government Code outline the characteristics of Type A and Type B EDCs, authorize cities to adopt a sales tax to fund the corporations and define projects EDCs are allowed to undertake.

Type A EDCs — Developing Industries

Type A EDCs are typically created to fund industrial development projects such as business infrastructure, manufacturing and research and development. Type A EDCs can also fund military base realignment, job training classes and public transportation. More details »

Type B EDCs — Developing Industries & Cultivating Communities

Type B EDCs can fund all projects eligible for Type A, as well as parks, museums, sports facilities and affordable housing. However, Type B EDCs are subject to more administrative restrictions than Type A. More details »

Allowable Costs

There are some limitations on how sales tax revenues can be used to fund a project. Eligible expenditures include:

- acquisition of land;
- machinery and equipment;
- construction costs;
- planning and professional services related to the project;
- financial transactions and reserve funds; and
- administrative and other necessary expenditures.
Primary Jobs Requirement

The main requirement is that the businesses bring new money into the community. In 2003, the Legislature voted to require that certain projects create or retain primary jobs. A primary job is one at a company that exports a majority of its products or services to markets outside the local region, infusing new dollars into the local economy. Primary jobs are further limited to specific industry sectors such as agriculture, mining, manufacturing and scientific research and development. Those industry limitations can be found in Local Government Code, Chapter 501.

Performance Agreements

EDCs cannot simply give sales tax proceeds to businesses. An EDC must enter into a written performance agreement with any business enterprise that it funds directly or makes expenditures that benefit an eligible project. At a minimum, the performance agreement must contain:

- a schedule of additional payroll or jobs to be created or retained;
- the capital investment to be made by the business enterprise; and
- the terms for repayment of the EDC’s investment if the business fails to meet the performance requirements specified in the agreement.

Eligible Type B Projects — Developing Industries & Cultivating Communities

Dr. Pepper Ballpark - Frisco, Texas. Photo by JDAC, flickr.com.
How Type B Sales Tax Revenue Can Be Used

The Type B sales tax may be used for any project eligible under Type A rules and several other project types, including quality of life improvements. Type B corporations may pay for land, buildings, equipment, facilities, targeted infrastructure and improvements for:

- professional and amateur sports and athletic facilities, tourism and entertainment facilities, convention facilities and public parks;
- related store, restaurant, concession, parking and transportation facilities;
- related street, water and sewer facilities; and
- affordable housing.

To promote and develop new and expanded business enterprises that create or retain primary jobs, a Type B EDC may fund:

- public safety facilities;
- recycling facilities;
- streets, roads, drainage and related improvements;
- demolition of existing structures;
- general municipally owned improvements; and
- maintenance and operating costs associated with projects.

Type B EDCs also may seek voter approval to spend Type B sales tax funds for a water supply, water conservation program or cleanup of contaminated property.

Exceptions for Small Cities and Landlocked Communities

Type B EDCs created by cities with a population of 20,000 or less and those classified as landlocked communities may use sales tax proceeds to fund projects that promote new or expanded business development that do not create or retain primary jobs. A landlocked community must be located in either Harris or Dallas counties and have less than 100 acres within its city limits and extraterritorial jurisdiction zoned for manufacturing or industrial facilities.

Operating Requirements

Administration Expenses

Type A and Type B EDCs are authorized to pay the administrative expenses (including staff) to implement projects. These may include administrative expenses for the acquisition, construction, improvement, expansion and financing of projects. Cities that perform some of the administrative functions for Type A or Type B corporations may be reimbursed for administrative expenses for projects overseen by city staff. An EDC also may contract with a private corporation or other entity.
Training

The EDC administrator, the city attorney and the city administrator or the city clerk of the municipalities creating Type A and Type B corporations are required to attend an economic development training seminar within 90 days of taking office. The seminar must be repeated every two years. Corporation funds may be used to pay the costs of attending the seminar. The Comptroller's office may impose a penalty of up to $1,000 for officials who fail to attend the required training seminar.

EDC training can be obtained from the Texas Economic Development Council.

Open Meetings and Public Hearings

Type A and Type B EDCs’ boards of directors are subject to the Texas Open Meetings Act, found in Chapter 551 of the Government Code.

A Type B EDC serving a city with fewer than 20,000 residents is exempt from holding public hearings for projects eligible under Type A rules. However, these small cities must give the resolution at least two separate readings if the funding agreement is for $10,000 or more.

All Type B corporations, regardless of city population, must hold public hearings on all other types of projects. In addition, all Type B corporations must wait 60 days from the first public notice of the nature of a project before providing funds.

Type A corporations are required to hold public hearings only when considering an election to authorize a Type B project.

Open Government training can be obtained from the Texas Office of the Attorney General.

Reporting Requirements

The Development Corporation Act requires all Type A and Type B corporations to file an annual report with the Texas Comptroller of Public Accounts by Feb. 1 of each year. See specific requirements and reporting login.

(d) Terms of service on appointed bodies shall be the same three-year terms as the councilmember who nominates a person to serve. However, a person may be appointed to complete the unexpired term of a vacant position, due to a resignation, for example.

(e) When a person has completed a term, or terms, of service and will be vacating a place, that person may continue to serve until a replacement is nominated and confirmed by the city council.

(f) At the discretion of the majority of the city council, one Caldwell County resident who is also an owner of real property within any local historic district may be appointed as a full member to the historical preservation commission.

Such resignation shall take effect upon receipt by the City Secretary without further action by the city council. If the city council appoints a new member to replace the resigned member, the new member shall be appointed to serve out the remainder of the resigned member's term.
