Second Downtown Revitalization Project Public Open House Rescheduled

Lockhart, Tx—After a brief postponement, the Downtown Revitalization Project’s second public open house has been rescheduled for Thursday, March 3, at 6:30 p.m. It will be held in the First Lockhart Baptist Church’s Connection Center, located at 200 S. Blanco St.

In the second public open house, the City of Lockhart’s consulting engineers and architects will be presenting the results of public input, gathered from the previous meeting on November 15, 2021, and through an online questionnaire. Similar to the first open house, the event is intended to be informal and interactive, allowing the project team to meet and answer questions from attendees. The Downtown Revitalization Project focuses on proposed upgrades in utilities, drainage, streetscape, parking, hardscape, pedestrian access, and landscaping in the nine-block area around the Caldwell County Courthouse.

For more information on the downtown project, log on to the project’s dedicated web page by [clicking here](#). The community’s input is encouraged and those in attendance may come and go as they please. Anyone interested are invited to attend and present relevant comments and questions. Comments and information received during the open house will be taken into consideration as work on the project develops.

If you have any general questions prior to the event, please contact the City of Lockhart’s Public Information Officer, Victoria Maranan, at vmaranan@lockhart-tx.org.

For more technical questions or comments, contact the City of Lockhart’s Public Works Director, Sean Kelley, at skelley@lockhart-tx.org.
