**City Council OK's additional School Resource Officer at LISD**

In the August 16th Council meeting, the Lockhart City Council provided final approval of an agreement with Lockhart ISD creating an additional School Resource Officer (SRO) at Lockhart ISD school campuses. There are now three SROs at the school district, instead of two.

The new SRO, who is a member of the Lockhart Police Department, will supervise existing SROs and provide additional support in the elementary schools. This will allow current SROs to spend more time on their designat-

ed campuses, increase presence and visibility, and work closely with the school district to further improve existing security measures, help implement new measures, and coordinate safety training. The City of Lockhart has provided support for Lockhart ISD's safety and security protocols through the Lockhart Police and Fire Departments, which are part of the Lockhart ISD Safety Task Force. The addition of another SRO provides another layer of security to LISD's existing safety protocols, which include requiring

all visitors to present a valid ID before entering school buildings, increasing the number of counselors to address the emotional well-being of students, regular safety audits for all LISD campuses, and the new Lion Guard—a community watch program where eligible volunteers, who complete Civilian Response to Active Shooter Events (CRASE) and Stop the Bleed trainings, assist in monitoring and checking for any potential safety concerns.

**OCTOBER IS FIRE PREVENTION MONTH**

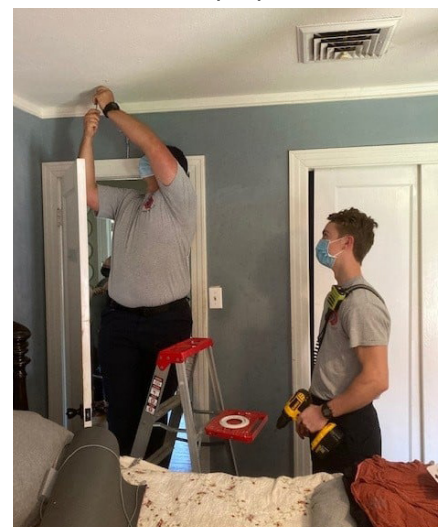

**Don't forget your smoke alarms!**

In a fire, a few seconds could be the difference between a safe escape and a tragedy. With Fire Prevention Month coming up in October, the Lockhart Fire Department wants to emphasize the importance of having working smoke alarms in your home:

- Smoke alarms can sense smoke before you can, alerting you to upcoming fire danger.
- Smoke alarms need to be in every bedroom, outside of sleeping areas, and each level of your home, including the basement.
- Choose an alarm that is listed with a testing laboratory, meaning it has met certain standards for protection.
- Test all smoke alarms at least once a month by pressing the "test" button to make sure they are working.
- Replace all smoke alarms if they are at least 10 years old.

- People who are hard-of-hearing or deaf can use special alarms, which have strobe lights and bed shakers.

Need help installing your smoke alarm? **CALL THE LOCKHART FIRE DEPARTMENT: (512) 398-2321**

**COMING SOON:**

**\*\*Stay tuned for road closures and traffic alerts leading up to the event.**

- NOVEMBER 5, 2022**  
BBQ World's Fair in Downtown Lockhart

# Water Conservation encouraged even after recent rains

Central Texans welcomed much needed rainfall after experiencing higher-than-average temperatures this summer with lower to no precipitation. However, water conservation measures are still encouraged even with recent relief from Mother Nature.

While Lockhart has sufficient water sources, conservation remains essential to ensure the community continues to have these resources through the summer and beyond. Here are a few water conservation tips from the Texas Water Development Board to help you get started:

- Only water your lawn when necessary and follow the City's odd/even watering schedule based on the last number of your street address:
- Even street addresses (2, 4, 6, 8, 0)

may water on Sundays and Thursdays from midnight to 10 a.m., and/or 7 p.m. to midnight.

- Odd street addresses (1, 3, 5, 7, 9) may water on Saturdays and Wednesdays from midnight to 10 a.m., and/or 7 p.m. to midnight.

**NOTE:** Irrigation of landscaped areas is permitted at anytime if it is by means of a hand-held hose, a faucet-filled bucket or watering can of five gallons or less, or drip irrigation system.

This alternating watering schedule significantly reduces the peak effect of everyone wanting to water at the same time and is a proactive strategy for helping your water utility meet current and future water needs.

- Take short showers, instead of baths.

- Repair leaky faucets, indoors and out.
- Repair leaky toilets.
- Only run the dishwasher when it's full.
- Run full loads of laundry.
- When washing a car, wet it quickly, then use a bucket of water to wash the car. Turn on the hose to final rinse.

## CITY NEWS IN BRIEF

### Fall city cemetery clean-up date set

**October 3-7, 2022**, Park/Cemetery staff will be cleaning up areas throughout the City Cemetery.

All deteriorated, weathered, and unsightly items, artificial and real flowers, vases, containers, flags, and miscellaneous articles will be removed.

If you wish to keep these items that may have sentimental value, please remove them by September 30.

**Questions or comments?** Call the Parks Department at (512) 398-6452 during regular business hours, Monday - Friday, 8 a.m. - 5 p.m.
